

Homemade Wood Pumpkins

Looking for a cute and simple fall craft project? These cute wood pumpkins are just what you need to spice up your fall decorations.

For this project you will need the following supplies:

3- 2X4 pieces of wood 1- 4inches, 1- 6inches, & 1-8 inches

Orange Paint

Paint brush (I used a sponge paint brush)

3 pieces of small pieces of a branch to act as the stems

Wood Glue

Sand paper

Twine

Steps:

1. Cut your pieces of wood blocks to the correct size and sand the edges until smooth
2. Paint your blocks of wood with the orange paint
3. Let them completely dry
4. Sand of the paint on the area where you are putting the stem

5. With wood glue connect the stem to the piece of wood
6. Let them dry
7. With the twine, make a bow around the stem.
8. Place your wood pumpkins inside or outside for some cute fall décor. Enjoy!
