

# How to use Set Up Builder in Operations Center

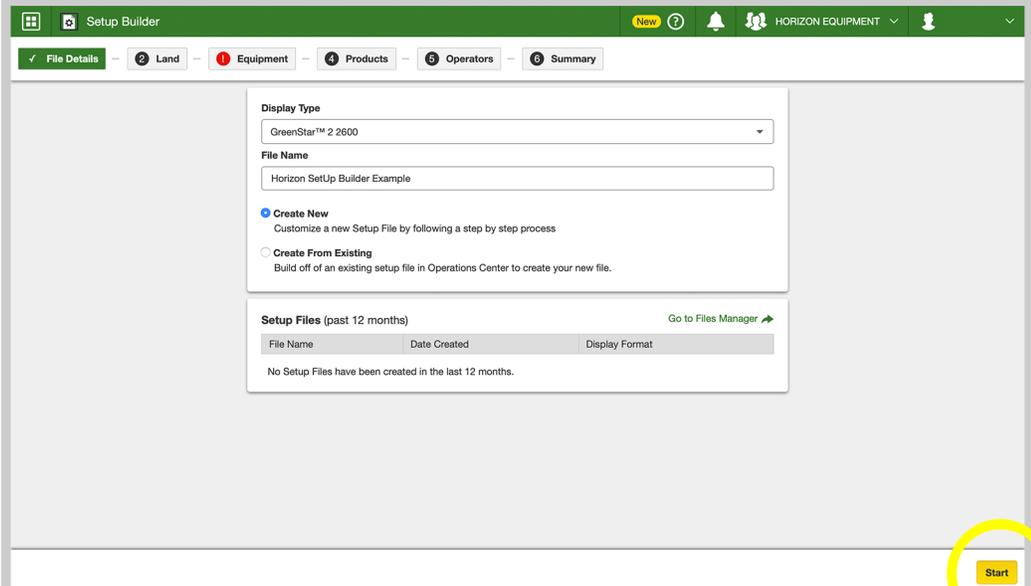

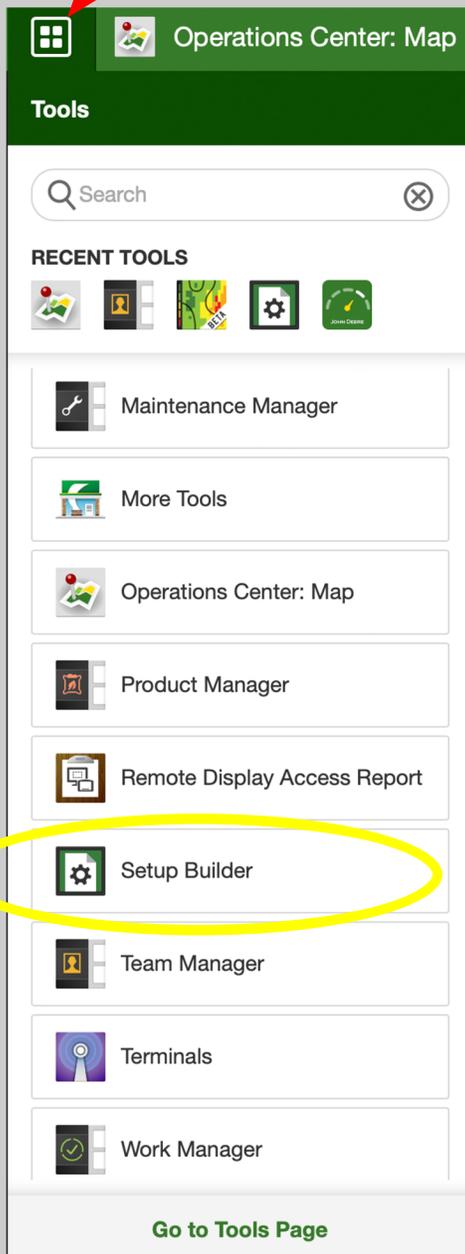

First, log into your MyJohnDeere account. You will be directed to this home page.

Select the Operations Center on the Left Side of the page.

Once you are in Operations Center, click on the Tools icon. In the Tools menu scroll down to the Setup Builder option.

Select your display type, and name your file. Select if you are creating a new file or editing a previous file. Click start.

Name	Type

Boundary	Boundary

Next, fill out the file details.  
Select the specific field name.

Machine  Implement

Name	Make	Type	Model	WDT (Wireless Data T...
	JOHN DEERE	Combine	S760	---
	JOHN DEERE	Combine	S760	---
	JOHN DEERE	Combine	S760	---

Next, fill out the machine type. If your machines are not listed, select "add new."

**Add Equipment** ✕

**PIN**  
A valid PIN must be 1-13 or 17 characters.

**Name\***

**Make\***

**Type\***  
 Machine  Implement

**Model\***  
  
 or

The PIN number is the serial number on the machine.

Name your machine based on the year, model and owner name.

Select make, model and type.

Machine  Implement

Name	Make	Type	Model
	JOHN DEERE	Corn Head	608C
	JOHN DEERE	Corn Head	612C
	JOHN DEERE	Planter	1775NT

Also, each machine needs to be accompanied by a implement.

Products  Tank Mixes

Product Name	Manufacturer / Brand	Category	Type / Crop
<input checked="" type="checkbox"/> 35F38	Pioneer	Variety	Corn
<input type="checkbox"/> 36W66	Pioneer	Variety	Corn
<input type="checkbox"/> 92Y20	Pioneer	Variety	Soybeans
<input type="checkbox"/> DKC 68-91 GenVT 3P	Dekalb	Variety	Corn
<input type="checkbox"/> Dolomitic Lime	Premier	Chemical	Fertilizer
<input type="checkbox"/> H6255 RR	Dekalb	Variety	Soybeans

Select a product. Either a seed, chemical or fertilizer product. If you do not see your current one, select "add new".

Name	License Number
<input type="checkbox"/> C	
<input type="checkbox"/> R	

Finally select an operator, "add new" if one is not listed.

**Summary**

The Setup File will be sent to all selected WDT-enabled machines.
